

List of countries and recommendations for travellers

Those who have arrived from the countries, for which the cumulative number of COVID-19 cases per 100 000 people exceeds 16, must self-isolate for 14 days upon arrival in Latvia.

We do not recommend going to the countries, the cumulative index of which exceeds 25 (14 days cumulative number of COVID-19 cases per 100 000 people in the European Union, the countries in the European Economic Area, in Switzerland and the United Kingdom, and in some other countries), according to the Cabinet's Regulation No. 360 (adopted 9 June 2020) "Epidemiological Safety Measures for the Containment of the Spread of COVID-19 Infection" clause No. 35.

If you are in self-isolation and the 14-days cumulative index of the country, from which you have arrived, does not exceed 16 per 100 000 people, then you may end self-isolation.
